KAISERSLAUTERN RESIDENT AGENCY

DRUG AWARENESS BRIEFING

Professional Always

TOPICS TO BE DISCUSSED

- **Purpose and Goals of the Drug Suppression Program**
- **Types of Drugs in the KMC and the Drug of Choice**
- **Commander's Need to Know Information**
- **What to do when drug abuse/distribution is suspected?**

PURPOSE

TO PROVIDE COMMANDERS AND SUPERVISORS WITH INFORMATION CONCERNING VARIOUS ASPECTS OF DRUG ABUSE AND DETECTION.

GOALS

- **Identify users and distributors of drugs in a Unit, to the U.S. Army, their Family Members and Employees**
- **Respond to drug related incidents and process positive urinalysis test results**
- **Provide guidance to Commanders on drug related matters**
- **Keep Commanders informed of drug related matters**
- **Provide Drug Awareness Training**

TYPES OF DRUGS

COMMON IN THE KMC

Ecstasy

Amphetamines

Psilocybin Mushrooms

Cocaine

Cannabis

KMC DRUG OF CHOICE

Professional Always

PARAPHERNALIA

COMMANDER'S SUPPORT

What is the number one thing Commanders can do to combat the "War on Drugs"?

Urinalysis Testing

WHY???

METABOLITE RETENTION TIME

RETENTION TIME

- **Ecstasy** — **2-6 hours**
- **Amphetamines** — **24-72 hours**
- **Cocaine** — **24-72 hours**
- **Cannabis** — **15-30 days**

URINALYSIS TESTING

- **Commander's Program**
- **Aggressively deter drug use**
- **Any given day a soldier should believe they could receive a urinalysis test**

PLANNING A URINALYSIS

1. **Commander and 1SG determine time**
2. **Unit Drug and Alcohol NCO notified**
3. **Supplies already on hand**
4. **Supporting Personnel notified in the morning**
5. **Soldiers notified after support personnel**

WATCH FOR

- **Avoiding the Urinalysis Test**
- **Tampering with Specimens**
- **Metabolite Retention Time**

CONTRABAND ITEMS

REPORTING RESULTS

- **Don’t Tell Soldier or Supervisor**
- **Contact DST/CID Immediately**
- **Never Tell The Soldier What Type of Punishment will be administered**

COMMANDER'S INFORMATION

- **Narcotic Dogs/Health & Welfare Inspections**
- **CID Drug Awareness Briefings**
- **How to contact DST/CID**
- **What to do when drug Use/Distribution is suspected**
- **Source Development/Utilization**
- **When To Schedule Urinalysis**
- **Inhalants**
